

# NovaForm™ Expand-in-Place Styrene-Free PVC Liner

## Sample Short Specification

Expand-in-Place Styrene-free PVC Liner shall be manufactured and tested in accordance with ASTM F1504 in 6" - 30" sizes. The PVC Liner shall be manufactured such that when fully expanded inside the host pipe the liner will have a minimum thickness as shown below.

Table 3 Rounded Pipe Dimensions

Nominal Outside Diameter In. (mm)	Minimum Wall Thickness In. (mm)
6 (150)	0.17 (4.3)
8 (200)	0.23 (5.8)
10 (250)	0.28 (7.3)
12 (300)	0.34 (8.7)
12 (300)	0.29 (7.4)
15 (375)	0.30 (7.6)
18 (450)	0.27 (6.9)
24 (600)	0.36 (9.2)
30 (750)	0.45 (11.5)

**Note:** As per the ASTM F1504 standard, some sizes are available in multiple thicknesses, as shown in the table above.

The current ASTM F1504 standard covers sizes only up to 15". However, the larger sizes comply with the tests and parameters mentioned therein.

The Expand-in-Place PVC Liner shall be made from PVC compound meeting all the requirements for cell classification 12334 as defined in specification ASTM D1784 and with minimum flexural modulus properties, tested as per ASTM Method D790, of 320,000psi (2,200MPa). All sizes of the PVC Liner shall be colour coded white.

The Expand-in-Place PVC Liner shall be installed in accordance with ASTM F1947, with pre-installation preparation and post-installation finishing following the NASSCO Performance Specification Guideline for the Installation of Folded (Thermoplastic) Pipe (FP).

# NovaForm™ Expand-in-Place Styrene-Free PVC Liner

About IPEX

## About the IPEX Group of Companies

As leading suppliers of thermoplastic piping systems, the IPEX Group of Companies provides our customers with some of the world's largest and most comprehensive product lines. All IPEX products are backed by more than 50 years of experience. With state-of-the-art manufacturing facilities and distribution centers across North America, we have established a reputation for product innovation, quality, end-user focus and performance.

Markets served by IPEX group products are:

- Electrical systems
- Telecommunications and utility piping systems
- Industrial process piping systems
- Municipal pressure and gravity piping systems
- Plumbing and mechanical piping systems
- Electrofusion systems for gas and water
- Industrial, plumbing and electrical cements
- Irrigation systems
- PVC, CPVC, PP, PVDF, PE, ABS, and PEX pipe and fittings

Products are manufactured by IPEX Inc. and distributed in the United States by IPEX USA LLC.
